REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-8 are under examination. Claims 1, 2 and 6 are independent claims and they are directed to a process involving the steps of modification of cashew nut shell liquid (CNSL) by ozonolysis followed by reduction using appropriate reagents (as claimed).

No prior art could be located which can be applied for rejecting above claims.

Claims 1-8 are therefore deemed to be in condition for allowance.

One reference viz. Khan et al (WO 00/78699) has been however cited on attached PTO-892 form to show the state of art in this field of invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
